

REGIONAL YOUNG LEADERS CONFERENCE

This is a regional assembly of young leaders in Ghana. It is a 3 day leadership coaching and extends to senior high school students and youths. This Regional Young Leaders Conference will cut across young leaders in religious bodies, social groups and any group that recognises young leaders.

The idea is to help develop and raise Professionals, Entrepreneurs, Leaders and Technology “guys” for our country Ghana.

We are searching for committed citizens who have the development of the region and the nation at heart. We do pair them with influential ambassadors who are recognised by their selflessness towards development and mentoring the younger ones.

EXCELLENCE AND SCHOLARSHIP AWARDS

Motivational Ambassadors Network will be awarding outstanding students and youths in the regions and country at large. The excellence performance and contributions of students and youths within the region and the country cannot be over looked.

The awards will comprise of plaques, scholarship packages and humanitarian or community projects for the awardees to embark on as they will be furnished with all necessary tools and materials to make the project a success.

OUR MENTORING:

Our mentoring is in three classes:

1-on-1 mentoring: An opportunity for the protégé to develop a personal healthy relationship with a mentor.

Group mentoring: An opportunity for a class of protégés to periodically meet a mentor for healthy discussion and coaching. A number of three to seven (3 to 7) protégés will be to a mentor in this regard.

E-mentoring: This is our electronic means of mentoring from across boundaries. It is being implemented to help our busy mentors who are always travelling and can't be influential and effective with the 1-on-1 and the group mentoring. Again, we also intend to connect our protégés to mentors from other parts of the world to have access to quality mentoring and networking opportunities.

With your inclusion, we will grow promisingly as we hope this introduction will be helpful.

All you need to know about . . .

MOTIVATIONAL AMBASSADORS NETWORK

. . . SUPPORTING VISIONARIES

A Quote from Steve Jobs:

“Here’s to the crazy ones, the misfits, the rebels, the troublemakers, the round pegs in the square holes... the ones who see things differently – they’re not fond of rules...”

*You can quote them, disagree with them, glorify or vilify them, but the only thing you can’t do is ignore them because they change things... they push the human race forward, and while some may see them as the crazy ones, **we see genius**, because the ones who are crazy enough to think that they can change the world, are the ones who do”.*
